

Missioned to prepare aspiring young professionals for the global economy, by providing access to coaching, job training and professional development.

## Q&A

### Own Your Career Institute: Fashion Edition

#### 1. What does Mission Accomplished do?

Mission Accomplished helps rising and aspiring professionals (ages 13-35) with researching industry trends and expectations, seeking and securing employment, freelance and paid apprenticeship opportunities; researching and applying for college, vocational training and other advanced professional training; preparing for interviews; completing applications; creating resumes; writing college personal statements; find alternative school options and much more related to the transition from school to career. Our programs are customized to meet the personal and professional development needs of each student.

#### 2. Are scholarships available?

Unfortunately, additional scholarships are not available. The true value of the Institute is \$5,050.

#### 3. How will this help your career path?

This intensive career education and coaching Institute is tailored to meet the demands of the fashion industry. You will learn how to present yourself in a way that is attractive to industry employers, potential clients and higher education institutions. Because this series is fashion-centric you will be exposed to professionals within the industry who will teach you what you truly need to know to survive and thrive.

#### 4. Will I secure a job or paid apprenticeship by the end of this?

This opportunity is dependent on your commitment, we are committed to promoting students who show up on time, are fully involved and showing they truly have a vested interest in taking their career to the next level. You must show up to class on time, show that you are eager to learn, utilize your creative skills to complete challenge sessions, willing to work in a team, etc. Our partner businesses expect that we connect them with students who will bring value to their company, be serious about the work and helping their company grow while they help you grow. It's a two-way street.

Missioned to prepare aspiring young professionals for the global economy, by providing access to coaching, job training and professional development.

**5. What is the selection process like?**

Applicants are selected based on their demonstrated experience in the field (3+ years), ability to market themselves during the application and interview process and demonstrates a true passion to continue working in the fashion industry.

**6. Will transportation be provided for the business trips?**

Yes, transportation will be provided for the NYC and Capital Region business trips. We will not provide transportation to and from the weekly class locations.

**7. Do I have to be in high school or college?**

No. This program is for all rising fashion professionals age 18-35 with 3+ years in the industry.

**8. Is a payment plan available?**

Yes, you can make weekly or monthly payments until the first day of class. All payments must be paid in full by the first day of class.

**9. What happens if I am late or miss class?**

If you miss more than two classes, you will be disqualified from participating in certain exclusive opportunities. If you are late twice it counts as one absence.

This program is designed to make certain everyone is learning together and supporting each other with their learning process. Therefore, our commitment to all students is to start and end on time to respect your schedules outside of the Institute. Late arrivals and absences disrupts the opportunity to build supportive, meaningful professional relationships and demonstrates to potential employers, freelance or apprenticeship sites that you are unreliable.

**10. Will I have to complete assignments outside of the Institute?**

Yes, we will suggest coaching assignments from time to time that support the action plan developed by you by the second week of the Institute. All assignments will align with the goals you set for yourself.
