

ABOUT US

Mission Accomplished is an Albany-based non-profit organization that provides customized, industry-specific career education and coaching programs for students in high school, trade school and college who are under/unemployed and struggling to transition from school to the global workforce, higher education and a life of giving back. Since 2012 we have coached over 900 students. The students established and achieved career goals, prepared and transitioned into higher education, developed the skills to lead their lives, engaged in community service and developed the confidence to transition into the positions they desire.

EVENT OVERVIEW

Friendsgiving is Mission Accomplished Transition Services' annual thank you event for our volunteers and donors who have supported the agency's mission and vision throughout the year. This dinner will bring the community together for a family style dinner and showcase the impactful programs and services Mission Accomplished Transition provides. We will feature a few local chefs demonstrating their culinary skills by putting a new twist on some of our favorite Thanksgiving dishes.

We appreciate your support and hope to receive your confirmation!
