

Sponsor for Success Monthly Giving Program

Become a sponsor for success. Sustained, monthly giving is a powerful way to make an impact – especially if you invite your friends to join you. A variety of options to consider are listed on page 2.

Here are just a few initiatives your monthly financial investment will influence:

- **Industry-Specific Career and Business Education:** Getting your dream career can be faced with many barriers and sometimes a degree or a mentor isn't enough support to overcome those challenges. Through workshops and our comprehensive Teen and Advanced Institutes rising young professionals become clearer about their professional brand identity, develop an actionable road map to elevating their career as an employee or entrepreneur, increase their revenue and gain the knowledge and confidence to manage business operations, systems and administration.
- **Education Care Packages.** A barrier to college and career success is the lack of resources to purchase needed supplies. With your support, we will provide care packages that include school supplies, bedding, personal care and miscellaneous items needed by rising young professionals attending college, gap year programs or trade school or on an entrepreneurial journey. These essentials help students comfortably transition while removing financial barriers.
- **Career Exploration Trips.** Many of our students do not have the resources to make trips to explore college and career options, but we provide them that opportunity. With your support, business trips, college and career training center tours, and job shadowing opportunities provide students the opportunity to explore their curiosity, experience the industry from the inside, and figure out whether or not the industry, or professional role is a good fit.
- **The Mission Accomplished Transition team.** As you know an organization is as good as its people, and without the people working hard every day, we would not be able to accomplish our mission. With your support, the team members providing our career education services will receive training, security, and sustainability. Your investment will give students, their families and program partners peace of mind that the team is invested in the enrichment of the Capital Region community.

We invite you to become a monthly investor. Your monthly investment will support all we do! Below are a variety of options for you to choose from.

We invite you to establish your monthly investment/donation online at <https://bit.ly/individuals4s> .
