SPONSORSHIP INVITATION

We invite you to play a pivotal role in empowering emerging entrepreneurs by contributing to the accessibility of vital business education. By investing in emerging business leaders, you are not only fostering their growth, you are nurturing innovation and economic development within our communities. Your support will help provide essential resources, mentorship, and training that will equip these individuals with the skills and knowledge they need to thrive in a competitive marketplace. Together, we will create an environment where creativity flourishes, ideas are transformed into reality, and the entrepreneurial spirit is ignited, ultimately leading to a more vibrant and prosperous future for all.

SESSION OVERVIEW

This session is for entrepreneurs who already have their Quarter 4 (October - December) goals sorted out, but seeking to set aside focused time to break down high priority goals into actionable steps then reiterate and share them with other entrepreneurs to gain feedback, validation or recommendations.

Entrepreneurs are motivated to:

- Carve out dedicated time to break down already established Q4 goals and objectives. (Goals MUST be established BEFORE attending.)
- Establish clear sales and relationship building targets.
- Walk away with an established achievable Q4 plan that has clear priorities and action steps.

ABOUT MISSION ACCOMPLISHED

Mission Accomplished is a nonprofit founded in 2011 with the mission to prepare rising young professionals and entrepreneurs for the workforce by providing access to industry-specific coaching, mentoring, and sponsorship.

Through our programs we prepare young creatives for the workforce and help established entrepreneurs position themselves as industry educators while better streamlining their businesses.

We have served over 6,000 young professionals across Albany, Schenectady and Rensselaer counties. Our priority is guiding and uplifting the voices and talents of rising young creatives and emerging entrepreneurs pursuing careers and growing business in the fashion, beauty, construction, design and public art industries—where diverse professionals have historically been underrepresented in leadership roles.
