TEEN INTERNSHIP REQUIREMENTS:

- Must be 16-18 years old
- In or out of high school
- Truly interested in a leadership position in fashion or beauty
- Seeking mentorship to help you prepare for the transition from school into the workforce, trade school and/or college
- Available to work 3-4 days per week, 10-15 hours per week. One day will be remote.
- Have at least 1 year of experience in the industry you are exploring. For example you are enrolled in a Construction Technology program at your school or BOCES, you've taught yourself certain skills, have learned from family members, etc.

STUDENT TESTIMONIAL

The opportunity to work on real life projects that have to be produced for the public has helped me learn how to advocate for myself, gain confidence in my capabilities, and strengthen my self-assurance. Having to organize a panel discussion in a new location, I learned how to make a thorough floor plan and realized the importance of keeping track of the process until the project was finished.
